EFFECTIVE: 05.01.16**

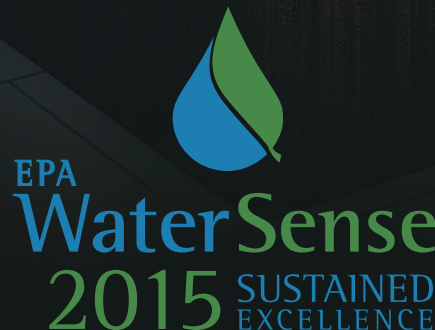

We're saving water, one faucet at a time.

For years, we have partnered with the EPA WaterSense® Program to protect and conserve our nation's water supply. Named as the EPA's Manufacturer Partner of the Year in 2011, 2013 and 2014, we are now proud to be a WaterSense Sustained Excellence Award Winner in 2015.

Currently, over 80% of Delta® bath suites feature showerheads and handshowers that meet WaterSense requirements, using 20–40% less water than the industry standard.* Our WaterSense-labeled lavatories use 32% less* water, while performing as well or better than their less-efficient counterparts. And many of our products meet California's stringent Title 20 water-efficiency standards.

Delta products also offer sustainability in the form of long-lasting durability—thanks to smart solutions like DIAMOND™ Seal Technology—as well as contributing to LEED® certification.

How to use this catalog.

Look for these icons throughout the catalog to easily identify key features of our commercial products.

= Proximity® Sensing Technology

= H₂Optics® Sensing Technology

= DIAMOND™ Valve

= H₂Okinetic® Technology

= MagnaTite® Docking

= WaterSense® Labeled Product

= Water-Efficient Product

Kitchen Faucets: flow rate of 1.5 or 1.8 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Lavatory Faucets: flow rate of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Flush Valves: water closet flush valves of 1.27 gpf and urinal flush valves of .5 gpf versus Industry Standard ASME 112.2.

Showerheads and Handshowers: flow rate of 1.5 or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

= ADA-Compliant Product

Delta faucets are compliant with all federal and state drinking water legislation.

*Based on flow rate for showerheads and handshowers of 1.5 gpm or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm; and flow rate for lavatory faucets of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.

TECHNOLOGIES THAT MAKE A DIFFERENCE

H2Optics® Sensing Technology.

Delta® electronic faucets and flush valves with H2Optics Sensing Technology operate consistently, overcoming such factors as dark clothing or lighting conditions. They're also water efficient*, contributing to LEED® certification.

Battery backup for hardwire- operated electronics.

Battery backup lets hardwire units keep working through power outages, by temporarily switching to a 9-Volt battery. Available on most Delta hardwire-operated electronic models.

*Water-Efficient Product—Lavatory faucets: flow rate of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.
Flush valves: water closet flush valves of 1.27 gpf and urinal flush valves of .5 gpf versus Industry Standard ASME 112.2.

DIAMOND™ Valve.

By reducing buildup of calcium and mineral deposits, our durable DIAMOND Valve eliminates wear on seals, reducing leaks and helping faucets last longer.

Proximity® Sensing Technology.

Proximity Sensing Technology—the next generation in hands-free functionality—makes Delta electronic faucets the most responsive in the industry. The entire faucet body acts as a sensor, activating water flow when approached and stopping once hands are removed. And the lack of an exposed sensor reduces the risk of sensor damage from vandalism or cleaning products.

H2Okinetic[®] Technology.

H2Okinetic Technology sculpts water into a unique, oscillating wave pattern that delivers more warmth, more intensity, and 3X the coverage* of a standard shower. Users get the feeling of more water, without using more water—helping you save on utility costs, and contributing points toward LEED[®] certification.

*Coverage measured in accordance with EPA WaterSense[®] Specification for Showerheads, March 4, 2010.

In2ition® Two-in-One Shower.

Our In2ition Two-in-One Shower offers two streams of water at once, so users can put water where they need it most—using the integrated showerheads together or separately. In its primary position, the In2ition Shower functions as a regular showerhead, while the handshower offers the flexibility for closer-range tasks.

MultiChoice® Universal Rough-in.

Installing the Delta® MultiChoice Universal Rough-in at any time makes it easier to upgrade style and functionality later, without changing plumbing behind the wall. Multiple connection options and a high-flow rough for shower-only configurations add even more flexibility, while a refined temperature limit stop allows more precise settings.

Single-Hole Single-Inlet Gooseneck Faucet with Proximity Sensing Technology
620TP3320

- 24 VAC to 6 VDC
- Hardwire operation
- 1.5 gpm vandal-resistant laminar outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Models also available with additional outlets, 10" recessed boxes and Brilliance® Stainless finish
- Optional 4" or 8" coverplate
- Transformer required—order separately
- Available as battery-operated model

Single-Hole Single-Inlet Faucet with Proximity Sensing Technology
630TP320

- 24 VAC to 6 VDC
- Hardwire operation
- Cast brass body
- 1.5 gpm vandal-resistant laminar outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Easy-to-program controller provides metering mode and line rinse
- Optional 4" cast coverplate
- Transformer required—order separately
- Available as battery-operated model

Single-Hole Single-Inlet Faucet with Proximity Sensing Technology
600T040

- 24 VAC to 6 VDC
- Hardwire operation
- Cast brass body
- 1.5 gpm vandal-resistant laminar outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Models also available with additional outlets and Brilliance® Stainless finish
- Optional 4" or 8" decorative coverplate
- Transformer required—order separately
- Available as battery-operated model

Single-Hole Single-Inlet High-Rise Faucet with Proximity Sensing Technology
590TP0120

- 24 VAC to 6 VDC
- Hardwire operation
- Cast brass body
- 1.5 gpm vandal-resistant laminar with Agion® antimicrobial outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Models also available with 8" and 4" coverplates, additional outlets and 10" recessed boxes
- Transformer required—order separately
- Available as battery-operated model

3-Hole Single-Inlet 4" Centerset Faucet with Proximity Sensing Technology
591TP0250

- 24 VAC to 6 VDC
- Hardwire operation
- Cast brass body
- 0.5 gpm vandal-resistant laminar outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Models also available with additional outlets and 10" recessed boxes
- Transformer required—order separately
- Available as battery-operated model

Single-Hole Single-Inlet Faucet with Proximity Sensing Technology
590-PLGHDFHW

- 24 VAC to 6 VDC
- Hardwire operation
- Metal construction
- 0.5 gpm vandal-resistant laminar outlet
- Surface-mounted control box
- Field adjustment of electrical sensitivity
- Models also available with 4" and 8" coverplates
- Transformer required—order separately
- Available as battery-operated model

All models featured are also available with the battery backup option referenced on page 4.

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Responsive and Efficient

With a response time of four pulses per second, H₂Optics® Technology balances reaction time and battery conservation.

590T1120

Single-Hole Single-Inlet High-Rise Faucet with H2Optics Technology 590T1120

- Cast brass body
- Battery operation
- 1.5 gpm vandal-resistant laminar with Agion® antimicrobial outlet
- 10" recessed boxes
- Adjustable sensing range and maximum run time
- Models also available with hardwire operation and additional outlets

3-Hole Single-Inlet 4" Centerset Faucet with H2Optics Technology 591T1220

- Cast brass body
- Battery operation
- 1.5 gpm vandal-resistant laminar with Agion® antimicrobial outlet
- 10" recessed boxes
- Adjustable sensing range and maximum run time
- Models also available with hardwire operation, additional outlets and mixing valves

Single-Hole Single-Inlet Faucet with H2Optics Technology 590LF-LGHGMHDF

- Battery operation
- Metal construction
- 0.5 gpm vandal-resistant laminar outlet
- No external adjustments required
- Model with escutcheon: 591LF-LGHGMHDF

Single-Hole Faucet with ASSE 1070 Thermostatic Mixing Valve DEMD-611LF

- Battery operation
- Above-deck solenoid and below-deck battery
- Integrated above-deck thermostatic mixing valve
- 0.66 gpm with vandal-resistant wrench flat spray outlet
- Temperature adjustment handle
- .17 gallon/cycle based on 15 second maximum run time
- Standard infrared sensing
- Optional 4" coverplate
- 1.0 gpm available: DEMD-611-10LF

Single-Inlet Wall Mount Faucet DEMD-402LF - 8" spout DEMD-404LF - 6" spout

- 24 VAC to 9 VDC
- Adjustable maximum run time
- Pre-mixed water
- Hardwire operation
- Adjustable sensor range
- Standard infrared sensing
- Remote control available (060967A)
- 0.5 gpm outlet

Some hardwire models are also available with the battery backup option referenced on page 4. For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Single-Hole Faucet
DEMD-301LF

- Battery operation
- Forged brass body
- Pre-mixed water
- Adjustable maximum run time
- Adjustable sensor range
- Standard infrared sensing
- Optional 4" coverplate available
- Hardwire kit available for field conversion
- Remote control available (060967A)
- 0.5 gpm outlet with vandal-resistant wrench flat spray outlet

Single-Hole Dual-Inlet Faucet with Side Mixer
DEMD-311LF

- Battery operation
- Non-removable side mixer to adjust water temperature
- Standard infrared sensing
- Adjustable maximum run time, sensor range
- Optional 4" coverplate available
- Hardwire kit available for field conversion
- Remote control available (060967A)
- 0.5 gpm outlet with vandal-resistant wrench flat spray outlet
- Model with technician's mixer to adjust temperature: DEMD-312LF

Single-Hole Faucet
DEMD-201LF

- Battery operation
- Above deck electronics
- Pre-mixed water
- 0.5 gpm with vandal-resistant flat spray outlet
- Standard infrared sensing

Single-Hole Dual-Inlet Faucet with Side Mixer
DEMD-211LF

- Battery operation
- Above deck electronics
- 0.5 gpm with vandal-resistant flat spray outlet
- Non-removable side mixer to adjust water temperature
- Standard infrared sensing
- Model with technician's mixer to adjust temperature: DEMD-212LF

Single-Hole Faucet
DEMD-101LF

- Battery operation
- Above-deck solenoid and battery
- Pre-mixed water
- 0.5 gpm with vandal-resistant wrench flat spray outlet
- Standard infrared sensing

Single-Hole Dual-Inlet Faucet with Side Mixer
DEMD-111LF

- Battery operation
- Above-deck solenoid and battery
- Non-removable side mixer to adjust water temperature
- 0.5 gpm with vandal-resistant wrench flat spray outlet
- Standard infrared sensing
- Model with technician's mixer to adjust temperature: DEMD-112LF

Single-Hole Electronic Soap Dispenser
DESD-550 – Cast brass body
DESD-250 – Non-metal version

- Solid machined shank with low profile spout
- Standard 800 ml soap bottle
- Standard infrared sensing
- Fits on decks up to 2" thick
- LED indicators: Yellow = low battery, Red = low soap
- Battery operation
- Hardwire kit available for field conversion

Ceramic Disc Technology

Smooth operation makes this washerless faucet low-maintenance. The volume and temperature control is integrated so the faucet can be turned on in the same position as it was turned off for consistent temperature setting.

22C101

Single-Hole Faucet
22C631

- Cast brass body
- Vandal-resistant lever handle and 1.5 gpm outlet
- Ceramic cartridge with rotational limit stop to limit turning of the handle into hot zone

4" Centerset Faucet
22C131 – Less pop-up (no hole)
22C331 – With metal pop-up

- Cast brass body
- Vandal-resistant lever handle and 1.5 gpm flow control outlet
- Ceramic cartridge with rotational limit stop to limit turning of the handle into hot zone
- Model with 1.5 gpm vandal-resistant outlet: 22C101

4" Centerset Faucet
501LF-HGMHDF

- Vandal-resistant lever handle and 0.5 gpm outlet
- Adjustable handle limit stop
- DIAMOND™ Valve
- .35 gpm available: 501LF-TGMHDF

4" Centerset Faucet
515LF-HDF

- Includes metal pop-up
- Vandal-resistant 6" elbow handle and 1.5 gpm outlet
- Adjustable handle limit stop
- DIAMOND Valve

Single-Hole Faucet
570LF-WFHDF

- 4" swing spout
- Vandal-resistant lever handle and 1.5 gpm outlet
- Stainless steel ball
- Adjustable handle limit stop

Widespread Single Control Faucet
24T2643

- Vandal-resistant 6" lever handle
- 4" to 16" adjustable centers
- 1.5 gpm outlet
- Stainless steel ball

Some hardwire models are also available with the battery backup option referenced on page 4.

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Seamless Brass Spout

Compared to traditional tubular spouts on the market, this spout boasts a .09" wall thickness which provides superior force and vandal resistance.

Smooth-End Spout

This maintenance-free laminar flow outlet has the flow control located in the base of the spout, and the chrome-plated smooth end eliminates crevices for bacteria to form.

Limited Swing Gooseneck

Available in multiple sizes, this option limits movement of the spout to a maximum 120° rotation.

4" Blade Handles with Sanitary Hood

These vandal-resistant handles are designed to help prevent the growth of bacteria. The sanitary hood feature provides significantly less areas for bacteria to collect.

4" Center set Faucet
21C143

- Cast brass body
- Vandal-resistant 3" hooded lever handles
- CER-TECK® ceramic disk cartridge
- 1.5 gpm outlet

4" Center set Faucet
21C142

- Cast brass body
- Vandal-resistant 4" hooded blade handles
- CER-TECK ceramic disk cartridge
- 1.5 gpm outlet

4" Center set Faucet
2529LF-LGHGMHDF

- Vandal-resistant wrist blade handles
- 0.5 gpm outlet

6"-12" Widespread Faucet
23C333

- Vandal-resistant 3" hooded lever handles
- CER-TECK ceramic disk cartridge
- 1.5 gpm outlet

6"-12" Widespread Faucet
23C342

- Vandal-resistant 3" hooded blade handles
- CER-TECK ceramic disk cartridge
- 1.5 gpm outlet

6"-16" Widespread Faucet
3549LF-WFLGHDF

- Vandal-resistant wrist blade handles
- Vandal-resistant aerator
- 1.5 gpm outlet

6"-12" Widespread Faucet
23C674-LS

- Vandal-resistant 4" blade handles with sanitary hood
- Laminar flow control smooth-end spout (1.0 gpm)
- CER-TECK ceramic disk cartridge
- Limited swing 120° gooseneck spout

6"-12" Widespread Faucet
23C642

- Vandal-resistant 4" hooded blade handles
- CER-TECK ceramic disk cartridge
- 1.5 gpm outlet
- Rigid/swivel gooseneck spout

6"-16" Widespread Faucet
3579LF-WFLGHDF

- Vandal-resistant wrist blade handles
- 1.5 gpm outlet
- Rigid gooseneck spout

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Cast Brass Body

Construction of this faucet offers little opportunity for bacteria to collect and makes cleaning easy.

Water-Efficient Outlet

Comes standard with a 0.5 gpm flow rate. Each handle is set not to exceed a flow of 0.25 gallons per activation.

Adjustable

Easily adjust the run time to match your water pressure.

ADA Tip Action Lever Handles

Offer ease of use and meet ADA standards—a feature not typically offered in metering faucets.

Single-Hole Faucet
87T104

- Cast brass body
- Vandal-resistant push-style handle and outlet
- Adjustable close time

Single-Hole Faucet
87T105

- Cast brass body
- Vandal-resistant tip action lever handle and outlet
- Adjustable close time

4" Centerset Faucet
86T1153

- Cast brass body
- Vandal-resistant tip action lever handles and outlet
- Adjustable close time

Single-Hole Faucet
701LF-HDF

- Vandal-resistant push-style handle and outlet
- Adjustable close time

4" Centerset Faucet
2507LF-HDF

- Vandal-resistant push-style handles and outlet
- Adjustable close time

Easy to Install and Adjust

Right out of the box, the batteries are already installed and setup is a breeze with adjustable settings.

Vandal-Resistant

All metal heavy-duty construction. Chloramine-resistant diaphragm.

Cost-Effective, Hands-Free Upgrade for Your Manual System

Retrofit an electronic flush valve onto an existing manual unit with a simple kit.

Exposed Electronic Flush Valves with Wall Mount Sensors
81T201-48-WMSHWA – Hardwire (water closet)
81T231-WMSHWA – Hardwire (urinal)

- Featuring H₂Optics® Sensing Technology
- Chloramine-resistant diaphragm
- Electronic manual override button
- Vandal-resistant stainless steel cover
- Factory set to 1.27 gallon flush for water closets and 0.5 gallon flush for urinals—field adjustable

Exposed Electronic Urinal Flush Valve
81T231HWA – Hardwire
81T231BTA – Battery

- Featuring H₂Optics Sensing Technology
- Chloramine-resistant diaphragm
- Electronic override button
- Scratch-resistant replaceable lens window
- Factory set to 0.5 gallon flush—field adjustable
- 81T231BTA-MMO: Battery-operated with mechanical override option

Exposed Electronic Water Closet Flush Valve
81T201HWA – Hardwire
81T201BTA – Battery

- Featuring H₂Optics Sensing Technology
- Chloramine-resistant diaphragm
- Electronic override button
- Scratch-resistant replaceable lens window
- Factory set to 1.6 gallon flush—field adjustable
- 81T201BTA-MMO: Battery-operated with mechanical override option
- 81T201BTA-42-MMO: Battery-operated with 1.1 gallon fixed flush volume
- 81T201HWA-42-MMO: Hardwire with 1.1 gallon fixed flush volume

Concealed Electronic Washdown Urinal Flush Valve
1600T9001RI – Rough-in (hardwire)
1600T9001TR – Trim (hardwire)

- Featuring H₂Optics Sensing Technology
- Electronic manual override button
- Vandal-resistant stainless steel cover
- Available in various rough-in and trim options
- Factory plumbed for easy installation
- Factory set to 0.5 gallon flush—field adjustable

Note: Model must be installed on fixtures providing sufficient air gap protection against backflow.

Concealed Electronic Flush Valve for Wall-Hung Water Closet
1600T6103ARI – Rough-in (hardwire)
1600T6103ATR – Trim (hardwire)

- Featuring H₂Optics Sensing Technology
- Electronic manual override button
- Water closet and urinal models available
- Vandal-resistant stainless steel cover
- Available in various rough-in and trim options
- Factory plumbed for easy installation
- Factory set to 1.6 gallon flush—field adjustable

Side Mount Electronic Flush Kit
DEFM-100

- Retrofit model
- Battery operation
- For use on 81T Teck® exposed manual flush valves and 86T flush valves for washdown urinals
- Can also be used on Sloan® Crane and some Zurn® models
- Standard infrared sensing
- Courtesy manual flush button

Electronic Flush Retrofit Kit for Delta® Valves
81T201BTA-20 – Battery (water closet)
81T201HWA-20 – Hardwire (water closet)

- Retrofit model
- Featuring H₂Optics Sensing Technology
- Complete valve less stop, cover tube and wall flange
- Chloramine-resistant diaphragm
- Electronic override button
- Scratch-resistant replaceable lens window
- Factory set to 1.6 gallon flush—field adjustable

Electronic Flush Retrofit Kit
81TWCBTRKA – Water closet
81TURBTRKA – Urinal

- Retrofit model
- Featuring H₂Optics Sensing Technology
- Battery operation
- Converts manual exposed flush valves to electronics
- New diaphragm, seat and filter screen included
- For hardwire kit, order 061069A
- Scratch-resistant replaceable lens window
- Factory set to 1.6 gallon flush for water closets and 0.5 gallon flush for urinals—field adjustable

Electronic Flush Retrofit Kit for Sloan®/Zurn® Valves
81T231BTA-30 – Battery (urinal)
81T231HWA-30 – Hardwire (urinal)

- Retrofit model
- Featuring H₂Optics Sensing Technology
- Complete valve less stop with modified tail to fit Sloan/Zurn stop
- Chloramine-resistant diaphragm
- Electronic override button
- Scratch-resistant replaceable lens window
- Factory set to 0.5 gallon flush—field adjustable

Hardwire models are also available with the battery backup option referenced on page 4.

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Features of the Delta® Flush Valve:

- Non-hold open handle
- Chloramine-resistant diaphragm
- Easily adjustable settings
- All metal heavy-duty construction
- Optional trap seal primer
- Constant peak flow

Electronic Washdown Urinal Flush Valve
DEMD-86505

- Battery operation
- Standard infrared sensing
- Adjustable sensor range
- Remote control available
- Factory set to 0.5 gallon flush—field adjustable

Note: Model must be installed on fixtures providing sufficient air gap protection against backflow.

Water Closet Flush Valve
81T201

- Chloramine-resistant diaphragm
- ADA vandal-resistant non-hold open handle
- Factory set to 1.6 gallon flush—field adjustable

Urinal Flush Valve
81T231

- Chloramine-resistant diaphragm
- ADA vandal-resistant non-hold open handle
- Factory set to 0.5 gallon flush—field adjustable

Flush Valve for Washdown Urinal
86T505

- ADA vandal-resistant handle
- Back inlet stop for 1/2" supply
- Factory set to 0.5 gallon flush—field adjustable

Note: Model must be installed on fixtures providing sufficient air gap protection against backflow.

Hardwire models are also available with the battery backup option referenced on page 4.

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

Because our products do their job,
you're free to concentrate on yours.

Successful healthcare depends on reliable tools. Delta® offers a broad range of products for the industry—and we're always designing new innovations, to offer professionals even more convenience.

HEALTHCARE

3000T3370A, 24T3003

Electronic Wall Mount Faucet
1501T4670

- Featuring H2Optics® Sensing Technology
- Wall mount rigid gooseneck spout with integral sensor in base
- Adjustable sensing range and time out
- Battery operation
- Smooth-end spout with 1.5 gpm laminar flow control outlet

Electronic Deck Mount Faucet
1501T3370

- Featuring H2Optics Sensing Technology
- Rigid gooseneck spout with integral sensor in base
- Adjustable sensing range and time out
- Battery operation
- Smooth-end spout with 1.5 gpm laminar flow control outlet
- Single-hole model—also available in 4" and 8" options

Electronic Deck Mount Faucet
3001T3420A

- Featuring H2Optics Sensing Technology
- Control module with LCD screen—six programmable settings
- Rigid gooseneck spout with integral sensor in base
- Battery operation
- 1.5 gpm vandal-resistant laminar with Agion® antimicrobial outlet
- 4" model—also available in single-hole and 8" options

General Surgeon Scrub Up

Electronic Deck Mount Faucet
3000T3370A

- Featuring H₂Optics Sensing Technology
- Control module with LCD screen
- Rigid gooseneck spout with integral sensor in base
- Hardwire operation
- Smooth end spout with 1.5 gpm laminar flow control outlet

Above Deck Mixing Valve
for 1500T & 3000T Models
24T3003

- Single-control mixing valve
- Vandal-resistant 6" elbow handle
- Handle rotation limit stop
- For use with surface mount control box models

Surgeon Scrub Faucet
54T5432A

- Floor mount self-close double foot pedal valve
- Deck mount rigid/swivel gooseneck spout
- Vandal-resistant 1.5 gpm laminar with Agion® antimicrobial outlet

3000T Series Touch Pad Control Module with LCD
Screen (Standard with 3000T Series Products)

Adjustable Settings

- Run time—length of time water runs after user removes hands from sensing zone.
- Sense time—response time for sensor to react to hands placed in sensing zone.
- Block time—time required between uses; prevents faucet from running water excessively.
- Sensor range—distance at which sensor detects hands in wash area.
- Auto timer—length of time before faucet stops running in the event the sensor is obstructed by foreign object.
- Metering mode—allows for continuous flow for a set amount of time (7 to 240 seconds, if enabled).
- Self tests for troubleshooting.
- Supplies diagnostic usage information.

3-Position Switch
(060651A or -KS Suffix with 1500T3 and
3000T Products)

- Designed so healthcare facilities can continue to follow infectious control procedures.

Switch Settings

- ON – Solenoid goes into continuous run so water lines can be flushed with high-temperature water.
– Do not exceed 71° C (160° F) during flushing of lines as higher temperatures may damage sensor components.
- AUTO – Faucet functions according to regular settings.
- OFF – Solenoid is blocked from operating so cleaning staff can clean sink without faucet operating.

Surgeon Scrub Faucet
54T5332A

- Wall mount self-close double foot pedal valve
- Deck mount rigid/swivel gooseneck spout
- Vandal-resistant 1.5 gpm laminar with Agion® antimicrobial outlet

A selection of hands-free and electronic products that provide leading functionality, combining ease of use and ADA compliance while maintaining a sleek, low-profile design.

Single Wall Mount Sensor Lavatory
3000T4328ATR – Trim (hardwire)
3000T4328ARI – Rough-in (hardwire)

- H2Optics® Sensing Technology
- 4-1/2" stainless steel wall plates
- Rigid stub spout
- Field-adjustable sensor range and metering mode
- 1.5 gpm swivel laminar outlet
- Transformer required—order separately

Double Wall Mount Sensor Lavatory
3000T4128ARI – Rough-in (hardwire)
3000T4128ATR – Trim (hardwire)

- H2Optics Sensing Technology
- 4-1/2" stainless steel wall plates
- Rigid stub spout
- Field-adjustable sensor range and metering mode
- 1.5 gpm swivel laminar outlet
- Transformer required—order separately

Push-Button Electronic Shower System
860T178

- Recessed metal box mount with thermostatic mixing valve
- Field adjustable shower time
- 30° vandal-resistant forged showerhead
- Hardwire operation
- 1.5 gpm showerhead
- Transformer required, order separately

Wall Mount Double Foot Pedal Valve Bedpan Cleanser
54T1434A

- Wall-mounted vacuum breaker
- Reinforced hose and hanger
- Insulated handle on wand
- Spray outlet with stop

Wall Mount Bedpan Cleanser
54T1104

- Double check vacuum breaker
- Reinforced hose and hanger
- Insulated handle on wand
- Spray outlet with stop

54T1104

For additional information on the models shown here, as well as other available models, please go to www.specselect.com.

W6635DW

Services available for ball valves:

- Air
- Argon
- Cold Water
- Natural Gas
- Nitrogen
- Propane
- Vacuum

Refer to www.specselect.com for Valve/Service combination availability.

Single Shank Deck Mount
Mixing Faucet
W6760-9

- Dual-check in-line vacuum breaker
- 1/4" I.D. 10 serrated nozzle outlet
- Maximum 1.5" diameter deck hole

Deck Mount Mixing Faucet
W6700-9

- Dual-check in-line vacuum breaker
- 1/4" I.D. 10 serrated nozzle outlet
- 2-hole installation at 2.75" centers

Single Deck Mount Water Faucet
W6600-10

- Angle atmospheric vacuum breaker
- 1/4" I.D. 10 serrated nozzle outlet
- Maximum 1.25" diameter deck hole

Deck Mount Turret
W6210GAS

- Single ball valve in deck mount turret
- Available in various configurations and services

Deck Mount Turret
W6220GAS

- Two ball valves at 90° in deck mount turret
- Available in various configurations and services

Pure Water Faucet
W6635DW

- Self-close Celcon® valve
- Gooseneck spout with Tygon® liner

Our universal design solutions
offer safety with style.

For more than half a century, Delta® Faucet has studied the daily relationships between people and water. Our observations have led to the discoveries of unspoken needs—and from there, to the creation of groundbreaking styles and technologies.

Through our broad array of product innovations, we continue to make a difference for people of all ages and abilities, in all settings: helping their interactions with water to become more accessible, more enjoyable, and more transformative.

400LF-HDF

- Matching finish side sprayer
- Vandal-resistant elbow lever handle and 1.5 gpm outlet
- 4-hole installation
- Adjustable handle limit stop
- DIAMOND™ Valve

Single-Lever Utility Faucet
710LF-HDF

- Vandal-resistant elbow handle and 1.5 gpm outlet
- 10"-high rigid spout
- 2-hole installation
- Adjustable handle limit stop
- DIAMOND™ Valve

Single-Lever Pantry Faucet
27C643

- Vandal-resistant lever handle
- 1.5 gpm outlet
- Single-hole installation
- Rigid/swivel gooseneck spout
- CER-TECK® ceramic disk cartridge

Seamless Brass Spout

Compared to traditional tubular spouts on the market, this spout boasts a .09" wall thickness, which provides superior force and vandal resistance.

Water-Efficient Outlet

Available in five optional reduced flow outlets, ranging from 0.5 gpm to 1.5 gpm.

Rigid/Swivel Gooseneck Spout

Optional brass collar is supplied to accommodate rigid or swivel installation needs. Limited swing also available.

Cast Brass Body

Construction of this faucet offers little opportunity for bacteria to collect and makes cleaning easy.

DELTA
®

8" Cast Deck Mount Faucet
26C3942

- Vandal-resistant 4" hooded blade handles
- 3-hole installation
- 1.5 gpm outlet
- Rigid/swivel gooseneck spout

- Vandal-resistant 3" hooded lever handles
- Supplied with standard 1.6 gpm spray outlet and water/energy-saving 1.2 gpm option
- Includes auto shut-off
- CER-TECK ceramic disk cartridge

ADA Handle Options

- 4" Hooded Blade
(Available with optional red/blue temperature indicator)

- 3" Hooded Lever
(Available with optional red/blue temperature indicator)

- 4" Blade with Sanitary Hood
(Available with optional red/blue temperature indicator—shown above)

- 6" Wrist with Sanitary Hood

A chrome faucet is mounted on a wall of light brown, square tiles. The faucet has a central spout with a vacuum breaker and a garden hose end. It features two side handles and a wall brace that extends upwards and then down to the faucet body. A mop is visible on the left side of the frame.

Wall Brace

Reinforces the faucet-to-wall connection and helps to support heavy pails of water.

Integral Checks

Eliminate crossflow—preventing the hot water from traveling to the cold side and vice versa.

Integral Stops

Allow for ease of maintenance—no need to shut the entire water supply off when you can do it right at the faucet.

Body-Mounted Vacuum Breaker with Garden Hose End

The vacuum breaker prevents backflow of sink water into potable water system. The standard hose-end spout makes adding and removing garden hoses simple.

8" Center Wall Mount Service Sink Faucet
28C2383

- Cast brass body
- Adjustable top/bottom brace
- Body-mounted angle vacuum breaker with garden-hose end
- Includes integral check stops
- Vandal-resistant 3" hooded lever handles
- CER-TECK® ceramic disk cartridge

8" Center Wall Mount Service Sink Faucet
28C8073

- Cast brass body
- Spout end vacuum breaker with garden-hose end
- Includes 48" hose and stainless steel hanger
- Includes integral check stops
- Vandal-resistant 3" hooded lever handles
- CER-TECK ceramic disk cartridge

8" Center Wall Mount Service Sink Faucet
28T9

- Cast brass body
- Includes integral stops
- In-line vacuum breaker with garden-hose end
- Metal cross handles
- Compression cartridge

8" Center Wall Mount Sink Faucet
28C4434

- Vandal-resistant 1.5 gpm outlet and 4" blade handles with sanitary hood
- 11" tubular swing spout
- CER-TECK ceramic disk cartridge

8" Center Wall Mount Service Sink Faucet
28P4402LF

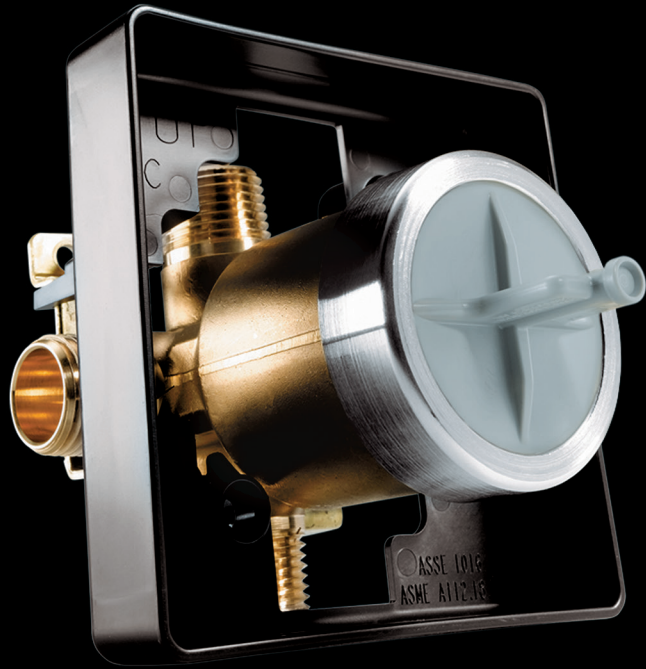

- Cast brass body
- Vandal-resistant 1.5 gpm outlet and 4" hooded blade handles
- 8" long spout—swings 360°
- Less integral stops

8" Center Wall Mount Service Sink Faucet
28C9LH

- Cast brass body
- Includes integral stops
- In-line vacuum breaker with garden-hose end
- 4" metal lever handles
- 1/4-turn ceramic cartridge

THE DELTA® MULTICHOICE® UNIVERSAL ROUGH-IN.

Flexibility that saves time and money.

Installing the Delta MultiChoice Universal Rough-in makes it easier to upgrade style, finish and functionality at any time. Because there's no need to alter plumbing behind the wall, you can save time, effort and money on mid-construction changes and renovation updates.

One rough. Unlimited possibilities.

Mounting Bracket

Provides a sturdy method to secure the valve to a stringer and prevents rocking.

Square Plasterguard

The size of a standard tile allows for simple 90° cuts. Snaps into place with no tools required to remove.

R10300-UNWS MultiChoice Universal Valve Body with Push-Button Diverter

WS—with stops recommended for Commercial applications.

Three Connection Types

Provides universal connection options for every type of piping—IPS, PEX and UNIVERSAL.

Heat-Resistant Pressure Test Cap

Allows for air or water testing before the valve cartridge is installed up to 300 psi. Easy access for flushing out the system.

Single-Function Pressure-Balanced Valve Cartridge

Functions with a single control for temperature only.

Dual-Function Pressure-Balanced Valve Cartridge

Offers independent control of temperature and volume by balancing the pressure of hot and cold water.

Dual-Function Thermostatic Valve Cartridge

Keeps water temperature consistent by actually measuring and monitoring the temperature of the water and automatically adjusting the water mix to maintain a more precise water temperature.

Delta offers trim choices in traditional, transitional, and contemporary styles—making it easy to find a look that realizes the vision of any design, construction or facility team.

CONTEMPORARY

Adjustable Showerhead
Allows users to select their preference between full, massage and combination settings.

Diverter Valve
Makes it easy for the user to switch between the showerhead and handshower.

MultiChoice® Universal
Provides unparalleled flexibility with multiple cartridge options.

Optional Double Spiral Hose
This hose is ideal for Commercial applications.

Stainless Steel Bar with ADA Slide
When installed according to spec, this stainless steel bar serves as both a slide bar and an ADA-compliant bar.

R10000-UNWS	12	71.10	NA
R10000-UNWSBXT	3	74.80	NA

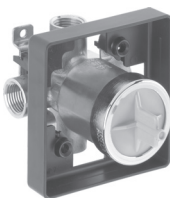

- Valve body only
- Accepts single-function (13/14), dual-function (17), or dual-function thermostatic (17T) cartridge
- Cartridge ships with trim kit
- 1/2" universal inlets accept 1/2" copper, 1/2" iron pipe, PEX or CPVC adapters
- 1/2" universal outlets, inlets/outlets have male threads
- Back-to-back capability
- BX = single box model
- BXT = single box model, thin wall mounting kit included
- WS = with stops, single box model

MultiChoice® Universal High-Flow Shower Rough Universal Inlets/Outlets

R10000-UNBXHF	3	50.70	NA
R10000-UNWSHF	12	71.10	NA

- Valve body only
- Shower only
- No tub outlet
- Accepts single-function (13/14), dual-function (17), or dual-function thermostatic (17T) cartridge
- Cartridge ships with trim kit
- 1/2" universal inlets accept 1/2" copper, 1/2" iron pipe, PEX or CPVC adapters
- 1/2" universal outlets, inlets/outlets have male threads
- Back-to-back capability
- BX = single box model
- HF = high flow
- WS = with stops, single box model

MultiChoice® Universal Tub/Shower Rough IPS Inlets/Outlets

R10000-IP	12•	50.70	NA
R10000-IPWS	12	71.10	NA

- Valve body only
- Accepts single-function (13/14), dual-function (17), or dual-function thermostatic (17T) cartridge
- Cartridge ships with trim kit
- 1/2" female IPS inlets/outlets to accept PEX or CPVC adapters
- Back-to-back capability
- WS = with stops, single box model

• Full case quantity restriction on this model - priced each. Please always order in full case. See pages CI and CII for icon definitions.
Valve rated at minimum 1.25 gpm (4.7 L/min) for 13/14 series pressure balance; 1.5 gpm (5.7 L/min) for 17 series pressure balance;
2.0 gpm (7.6 L/min) for thermostatic at 45 psi (310kPa). ASSE.1016/ASME A112.1016/CSA B125.16

**MultiChoice® Universal Tub/Shower Rough
PEX Crimp**

R10000-PX	12•	50.70	NA
R10000-PXWS	12	71.10	NA

This valve is designed with an insert fitting that complies with ASTM F1807 and CSA B137.5 and is suitable for use with SDR9 PEX tubing using the crimp ring system of joining. It cannot be used as a cold expansion fitting using a PEX reinforcing ring and PEX tubing.

- Valve body only
- Accepts single-function (13/14), dual-function (17), or dual-function thermostatic (17T) cartridge
- Cartridge ships with trim kit
- 1/2" PEX crimp connections and 1/2" universal outlets with male threads
- Back-to-back capability
- WS = with stops, single box model

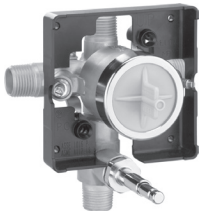

**MultiChoice® Universal Tub/Shower Rough
PEX Cold Expansion**

R10000-MF	12•	50.70	NA
R10000-MFWS	12	71.10	NA

This valve is designed with an insert fitting that complies with ASTM F1960 and is suitable for use with PEX tubing using the cold expansion method of joining. It cannot be used with the crimp ring system of joining.

- Valve body only
- Accepts single-function (13/14), dual-function (17), or dual-function thermostatic (17T) cartridge
- Cartridge ships with trim kit
- 1/2" PEX cold expansion connections and 1/2" universal outlets with male threads
- Back-to-back capability
- MF = PEX cold expansion connections
- WS = with stops, single box model

**MultiChoice® Universal Tub/Shower Rough
Push-Button Diverter**

R10300-UNWS	6	163.15	NA
-------------	---	--------	----

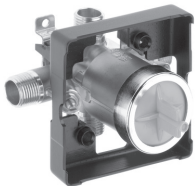

- Valve body only for push button diverter
- Accepts single function (13/14)
- Cartridge ships with trim kit
- 1/2" universal inlets to accept
- 1/2" copper, 1/2" iron pipe, PEX or CPVC adapters
- 1/2" universal outlets, inlets/outlets have male threads
- Back-to-back capability
- WS = with stops
- Rough-in for push button diverter

**MultiChoice® Universal Tub/Shower Rough
In-Wall Diverter Valve**

R10700-UNWS	6	118.60	NA

Model Options

Delta is known for its depth of commercial products that meet any project requirement. Part of our solution is having the flexibility to customize products – easily. This section of the price book utilizes our building block process, where you configure the product to your specific needs. It’s all up to you – cartridge, spout, outlet, handle – you select it, we build it. It doesn’t get any better and to top it off we continue to support you by listing some of the most popular selling models within a series, along with a supplemental product list, rough-in, trim and add-on options. Delta has the solutions to meet your current and future needs.

See page C161 for model number and pricing

060991A	30 deg. Inst. shower head 1.75 gpm	181.80
061006A	Rigid swivel gooseneck w/ aerator adaptor	58.65
061007A	Rigid swivel gooseneck w/ aerator adaptor	83.30
061010A	1.5 gpm insert kit for cast shower head	22.20
061011A	30 deg inst shower head - 1.5 gpm	190.95
061012A	Solenoid assembly (DEMD-800)	127.85

Model	Description	Price
061013A	Holddown package (DEMD-800)	57.80
061014A	Adapter kit (DEMD-800)	8.95
061018A	TECK I parts kit	29.65
061019A	Cast cap assembly	65.45
061022A	Electronic FV cap assembly	177.50
061023A	TECK I & II cover cap & reg. screw	79.15
061024A	TECK II reg screw & "O" ring assembly	14.90
061025A	Univ TV parts repair kit	55.15
061030A	Sensor for 2nd gen. 591T Series	132.35
061031A	Gasket for 591T (3/pkg.)	34.85
061032A	860T upgrade kit for old 1000T10x3 (8 x 8)	627.40
061033A	860T upgrade kit for old 1000T10x6 (4 x 4)	602.80
061034A	860T upgrade kit for old 1000T10x7 (12 x 12)	656.60
061035A	Set screw for HDF elbow handle	3.20
061036A	Gasket for 500-HDF Series	4.50
061037A	0.5 gpm outlet - 500-HDF Series	13.55
061038A	Aerator key for 500-HDF Series	2.05
061039A	Solenoid valve kit for DEMD WM	134.30
061041A	Sensor kit for DEMD WM	286.05
061042A	Holddown package for DEMD WM	67.95
061043A	Escutcheon kit for DEMD WM	8.75
061044A	Adapter pkg. for DEMD WM	45.00
061045A	Conduit for DEMD WM	28.00
061046A	Battery box for DEMD WM	79.35
061047A	Hardwire converter w/ battery backup	108.25
061050A	Escutcheon	47.75
061051A	T13H handle kit for shower valve	35.85
061052A	Set screw & button	7.10
061053A	Thermostatic escutcheon	51.15
061054A	Temperature knob, cover & screw	50.00
061055A	Diverter handle, screw & button	51.40
061058A	Diverter valve	218.70
061063A	Replaceable lens	12.40
061065A	CP metal cover w/ screws	48.45
061069A	Hardwire converter & rigid connection assembly	76.20
061069A-BB	HW converter w/ rigid connector	133.75
061071A	Pkg. of 2 - holddown adapter	10.70
061104A	0.35 gpm (1.32 L/min.) V.R. outlet Male	25.30
061104SS	0.35 gpm (1.32 L/min.) V.R. SS outlet Male	46.85
061105A	0.35 gpm (1.32 L/min.) V.R. outlet Female	29.80
061106A	0.35 gpm (1.32 L/min.) standard outlet Male	13.95
061107A	0.35 gpm (1.32 L/min.) standard outlet Female	13.95
061110A	0.5 outlet for 100HDF-DST series	23.60
061118A	Careguard 1.5 gpm laminar male	28.75
061118ANS	Outlet pkg. 1.5 gpm laminar nickel stainless finish	32.15
061119A	8" Proximity plate	98.50
061124A	Washer package (6/pkg.)	5.10
061125A	2.5 gpm inst. cast shower head	178.60
061127A	2 lever handles w/ 2 screws, red and blue index buttons	27.65
061128A	2 ceramic cartridges, hot and cold	45.35
061131A	Extension kit for 060852A diverter valve	16.40
061132A	WC E-FV kit (includes e-board & button)	237.80
061134A	Thermostatic mixing valve (for #8 box)	214.35
061135A	Gasket retrofit kit for 061134A (3/pkg.)	6.80
061136A	Check valves for R2570-MIX (Pkg. of 2)	14.55
061137A	Wrench for 061134A & R2570-MIX	4.50
061138A	Cover screws for 3rd gen. E-FV (2011)	5.65
061139A	CP metal cover for 3rd gen. E-FV (2011)	50.15

Delta Faucet Company has an office in virtually every major city in the United States. Delta® agencies are staffed nationwide with more than 400 highly experienced sales professionals who live and work in your market to meet your needs at a local level promptly and efficiently. Your local representative will assume responsibility for communication throughout the supply chain, becoming an extension of your business to troubleshoot and ease everyday tasks. Your agency is readily available to assist with customer service, stocked warranty and service parts, provision and training, literature and displays. This level of advanced service is brought to you only by Delta Faucet Company.

WARRANTY

These Delta® products are warranted to the original consumer purchaser or commercial user. Please refer to the “Limited Warranty” enclosed with each Delta product for specific details. Additional copies are available upon request.

RETURNED GOODS

Merchandise MAY NOT be returned for credit or replacement without prior inspection and written authorization from Delta Faucet Company (DFC). Any unauthorized return of products is expressly prohibited. A handling charge of 50% will be assessed against anyone attempting to return merchandise without prior authorization. Only product purchased directly from Delta Faucet Company by a wholesaler will be authorized for return. NO EXCEPTIONS.

WARRANTY RETURNS

A full wholesale price credit will be issued to authorized Delta Faucet wholesaler customers for returned merchandise that is defective as described in the warranty. The defective merchandise must be shipped freight prepaid by the least costly method of shipment and the freight cost of such shipment will be added to the price credit. If a replacement is made rather than a credit issued, Delta Faucet Company will ship the replacement freight prepaid. Product returned as defective that is found to be misused, abused, modified or otherwise NOT DEFECTIVE will receive credit at scrap value only.

OTHER RETURNS

All other returns will be handled in accordance with the then-current DFC Return Policy for Non-Defective Faucets, copies of which are available upon request.

PRICES

All prices and specifications of models are subject to change without notice. Orders will be invoiced at the prices prevailing at time of shipment.

NOTE

All orders are subject to all applicable DFC policies in effect at the time of order.

These Terms of Sale are subject to change without notice.

RETURN ADDRESS

All returns are to be sent to the following address:

Delta Faucet Company
3441 Ridgcrest Road Extended, Suite 12
Jackson, Tennessee 38305
Attn: Returned Goods Department
